brand introduction

Our  
Company

**REGOLUCE**

# Our Company

1

more than *40* years  
of success

Product evolution matches with new material, technologies and design. *Know-how and care in details* in every production phases has been a forceful constant in these 40 years of successful activity.

2

100% made in Italy

*Since 1978 EGOLUCE has been creating 100% Made in Italy products*, mostly collaborating with Italian companies and craftsmen: in order to offer its clients a *design product with highest technology standard*.

3

*bespoke* design

Design approach: *generative* and *adaptive* creativities. Lighting design is both *inherently functional and innately aesthetic*. Conceptual design based on *metaphors as a heuristic tool*.

4

*human* approach

An *intelligent energy and colour management* of human light creates new spaces in empty, as only an emotional waterfall can do in You. A new *sensorial experiences* for your Soul.
